Universidade do Minho
Escola de Engenharia

Parer

O Conselho Científico da Escola de Engenharia aprovou a proposta final de criação do Mestrado em Análise Estrutural de Monumentos e Construções Históricas.

A referida proposta merece o apoio da Escola e considera-se que esta iniciativa é oportuna e que potenciará as sinergias associadas às competências do departamento envolvido.

Escola de Engenharia, 19 de Setembro de 2006

O Presidente do Conselho Científico

António M. Cunha

Letter of Intent

I, the undersigned, hereby confirm that Universitat Politècnica de Catalunya fully supports the application for a European Master in Structural Analysis of Monuments and Historical Constructions, to be submitted by UMINHO – University of Minho, in the scope of the ERASMUS Mundus Programme.

Universitat Politècnica de Catalunya also guarantees that it will provide full institutional support for the Master in Structural Analysis of Monuments and Historical Constructions, if the application is approved by the European Commission.

I would also like to declare that the person responsible for the project development at our university will be *Prof. Pere Roca*, whose contact details are:
