

# Invitation to the jubilee 10<sup>th</sup> annual conference

# NMM 2019

## Nano & Macro Mechanics

Department of Mechanics  
Faculty of Civil Engineering  
CTU in Prague

# 11<sup>th</sup> September

**The conference is intended for students and young researchers focused on issues of mechanics at nano and macro level under the auspices of prof. Jiří Šejnoha.**

## Main topics of the conference:

- Testing of building materials at the nano and macro level
- Destructive and non-destructive method for determining the mechanical properties of building materials
- Relationship between material parameters at the nano and macro level
- Use of nanotechnologies in civil engineering
- Numerical simulations of the behavior of structures and materials

### Contributions:

Registration and abstract submission in the range of max 200 words (CZ or EN) will take place via the form on the conference website by 15<sup>th</sup> June 2019. Deadline for submitting of the full text (EN) is 15<sup>th</sup> July 2019 (min 5 pages).

### Organizing committee:

Pavel Padevět  
Tomáš Plachý  
Petr Bittnar  
Pavel Tesárek

Tereza Plaček  
Otcovská  
Barbora Mužíková  
Zdeněk Prošek

### Conference fee:

**Within SVK 2019 at CTU in Prague free of charge**
